

The Aquarian Teacher™
KRI Level One Teacher Training Program

Melbourne 2018
Instructor Certification - Foundations

*"If you want to learn something, read about it.
If you want to understand something, write about it.
If you want to master something, teach it."*
Yogi Bhajan

Introduction

In the past few years the Kundalini Yoga community in Australia has grown in numbers and in enthusiasm as more people discover the transformative strength of the practice and science of Kundalini Yoga.

In 1969, Yogi Bhajan, Master of Kundalini Yoga and Mahan Tantric (Master of White Tantra) arrived in the US, not to gather disciples but to create teachers. Before this time Kundalini Yoga was practiced in India and Tibet but was a secret practice only passed down selectively and verbally from a master to chosen disciple.

*You will explore
your own potential.
You will challenge
yourself.*

As we enter the Aquarian Age we no longer have to search for knowledge or be initiated, instead it is time to 'experience' and discover that everything that we need to reach our potential is within us. 'It is time to stand on your own two lotus feet'.

Become a teacher!

Teaching Kundalini Yoga is more than just a profession. It's a way of life. To choose a life as a teacher is to have a commitment to the 'Self'; to work towards living in a positive state of joy, peace and contentment. When people see you smiling and walking tall, they will come to you. The power of your presence will uplift others and create positive change around you.

Becoming an instructor of Kundalini Yoga in times such as these, where people are suffering from stress, anxiety, mental health disorders and "dis-ease" from modern living, will give you the tools to help people immediately. The need for yoga has never been greater.

Yogi Bhajan – Master of Kundalini Yoga

Yogi Bhajan, Master of Kundalini Yoga, arrived in the United States in 1969 with a stated purpose: *"I have come to create Teachers, not to gather disciples."* For over 30 years, he travelled internationally teaching Kundalini Yoga, the Yoga of Awareness. Through The Aquarian Teacher Program, Yogi Bhajan has trained thousands of KRI Certified Kundalini Yoga Teachers. In 1994, the International Kundalini Yoga Teachers Association, (IKYTA), was formed to further spread these priceless teachings through the united efforts of Kundalini Yoga teachers worldwide. In 1969 Yogi Bhajan founded 3HO -- the Happy, Healthy, Holy Organization, based on his first principle *"Happiness is your birthright."*
